### Test your knowledge Functionality

- How do you select one row or column in a matrix?
- How do you deselect the column selection?
- When can you graph using a pie chart?
- Can you use the results of a matrix on 'Saved' Reports?

---

---

---

---

---

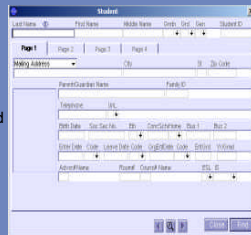

---

---

---

### Matrix Searches - Student

- How many students are missing a birthdate?
- How many students are gifted? (Active vs. inactive)
- How many students entered school after the first day of school?

---

---

---

---

---

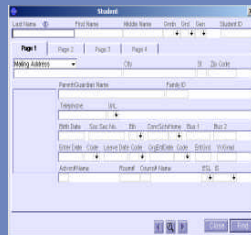

---

---

---

### Matrix Searches - Student

- How many students are missing an ethnic code?
- How many students are missing a Social Security number?
- How many students are missing an 'Advisor' number?

---

---

---

---

---

---

---

---

**PEARSON**  
School Systems

### Matrix Searches - Student

- How can I create a list of addresses for a group of students?
- How do I export this list into a format to create my own labels?

---

---

---

---

---

---

---

---

**PEARSON**  
School Systems

### Matrix Searches – Sections

- How can I see a matrix of all sections of a specific course?
- How do I see a list of all sections for a specific teacher?
- How can I tell if room numbers are missing?

---

---

---

---

---

---

---

---

**PEARSON**  
School Systems

### Matrix Searches – Sections

- How can I see what's available during a particular period for scheduling/rescheduling a student?
- NOTE: Remember start dates!!

---

---

---

---
